

#### UNITED STATES DEPARTMENT OF ENERGY OAK RIDGE OFFICE

## **Completing the Environmental Management Mission at Oak Ridge**

M Environmental Management safety & performance & cleanup & closure

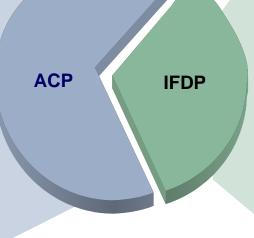

## Completing the Accelerated Cleanup Program (ACP), Beginning the Integrated Facility Disposition Project (IFDP)

DOE Environmental Management (EM) has built a successful track record in Oak Ridge

- Three Building D&D
  Project
- Legacy Waste
- Melton Valley
- DUF6
- ETTP

Remaining Cold War legacies are impeding ongoing missions

- Major areas of the Oak Ridge site remain contaminated
- Legacy issues impair mission readiness at Oak Ridge National Laboratory (ORNL) and Y-12 National Security Complex (Y-12)
- Legacy management consumes resources needed for modernization
- Modernization efforts are not coordinated with cleanup efforts

## IFDP Completing the EM Cleanup Mission at Oak Ridge while Supporting the SC, NE, and NNSA Missions

### Scope

- D&D of over 200 facilities
- Treatment and disposition of legacy materials and waste
- Soil and groundwater remedial actions
- Surveillance and maintenance of excess facilities

## **Project Cost and Schedule Range**

- Preliminary Cost Range: \$4B to \$8B
- Project duration range: 15 to 20 years

## **Excess Facilities**

#### IFDP Facilities by Site and Program Office

Site	EM	NE	NNSA	SC	Total	Excess Space (ft <sup>2</sup> )
ORNL	159	1	0	132	292	1.3 M
Y-12	17	1	77	17	112	3.8 M
IFDP Total	176	2	77	149	404	5.1 M

# **Project Challenge**

Major challenge faced by the IFDP is conducting major cleanup operations in the midst of ongoing mission operations:

- Close proximity to substantial employee populations and operations may present health and safety risks
- Complex and extensive infrastructure and systems interconnected to the surplus facilities and contiguous active operations
- Conduct of cleanup in high security areas (e.g., ORNL Building 3019 and Y-12 high security area)
- Unknown facility structural hazards and extent of contamination

## **Status**

- CD-0 (Mission Need) approved 7/20/07
- CD-1 (Alternative Selection and Cost Range) underway
  - Integrated Project Team established

Membership includes EM, NNSA, SC, B & W, and UT-Battelle representatives

- Goal: Contract established in FY09/FY10
- Goal: Start major work in FY10/FY11

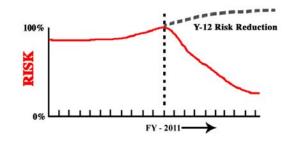

# Managing Risks at Oak Ridge

## **Risks to ES&H / Risks to Mission**

# **Completing ETTP & Starting IFDP**

### NOTIONAL
