

# Perma-Fix Nuclear Division Capabilities & Capacities

John H. Hagan  
Sales Manager  
Sales & Marketing

# Perma-Fix Facility Locations

# Perma-Fix Treatment Facilities

**M&EC Oak Ridge, TN**

**DSSI Kingston, TN**

**PFF Gainesville, FL**

**PFNW Richland, WA**

# Perma-Fix Facilities Treatment Capabilities

Process		M&EC Facility	DSSI Facility	Perma-Fix of Florida	Perma-Fix of Northwest Richland
Neutralization and/or Stabilization of MLLW Liquids/Solids		✓	✓	✓	✓
Thermal Treatment of both TSCA and non-TSCA Regulated MLLW Liquids/Solids		✓	✓		
Thermal Treatment of high-special nuclear material (SNM) MLLW Liquids		✓	✓		
Macroencapsulation of MLLW Debris		✓		✓	✓
Deactivation of MLLW (D003 wastes)		✓	✓	✓	✓
Non-TSCA Regulated MLLW Labpacks		✓	✓	✓	✓
TSCA Regulated MLLW Labpacks		✓			
MLLW Aerosols		✓	✓		
High Activity/Dose waste streams		✓	✓		✓
TRU waste processing					✓
Treatment of radiologically contaminated Mercury (Hg)	Elemental Hg (Amalgamation)	✓		✓	
	Hg<260ppm	✓	✓	✓	✓
	Hg>260ppm	✓	✓		

# Major Treatment Processes

# Major Treatment Processes

# Finding New Treatment Methods – Research & Development

# Latest Innovations – PCB Treatment

- DSSI began combusting PCBs April 2009

Waste Form	Total Gallons Received =
	29,588
Liquids	80%
Labpacks	12%
Solids	8%

# Latest Innovations – High Dose Waste Treatment

# Rail Access - Large Components

# Latest Innovations – High Activity Waste Treatment

# Disposal

- Disposed at every major disposal site:
  - NTS
  - Hanford
  - Clive
  - US Ecology
  - EMWMF
  - Barnwell
  - WCS (stay tuned)

# 2009 Perma-Fix Capacities

Processes	Throughput (Yr)	Units
Combustion	512,460	Gallons
Compaction	26,000	Drums
Stabilization	3,380,000	Pounds
Macroencapsulation	22,601	Drums
TRU Sort/Repack	5,650	Drums
Labpacks (Reactives)	26000	Pounds
Amalgamation	78,000	Pounds

# US Nuclear Power Plant Waste Management LLW Processors

- Current administrations' renewed commitment to Nuclear Power;
- License renewal applications at all-time high
- Need for large component waste management solutions (steam generators, condenser replacements, etc.)
- Perma-Fix commitment to finding alternatives to direct disposal and;
- Protecting the environment.....
