

Savannah River Remediation

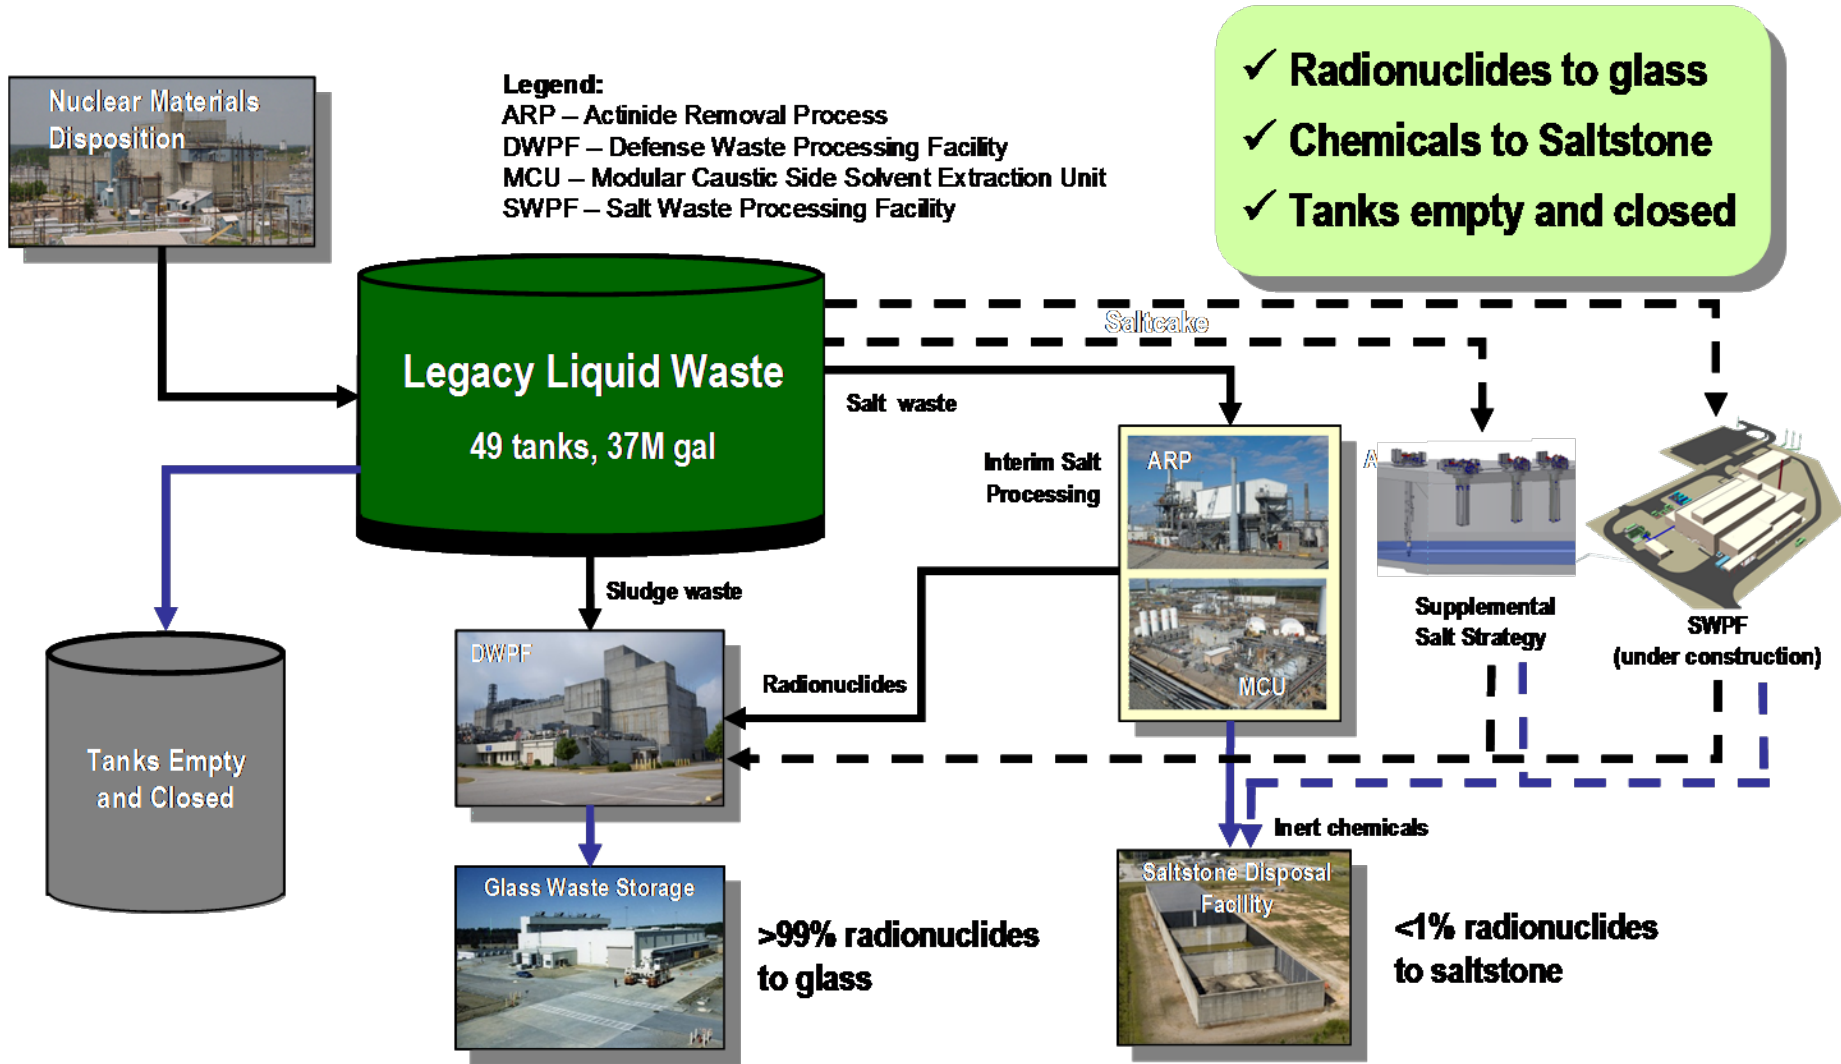

Emerging Issues with U.S. DOE Prime Contractors

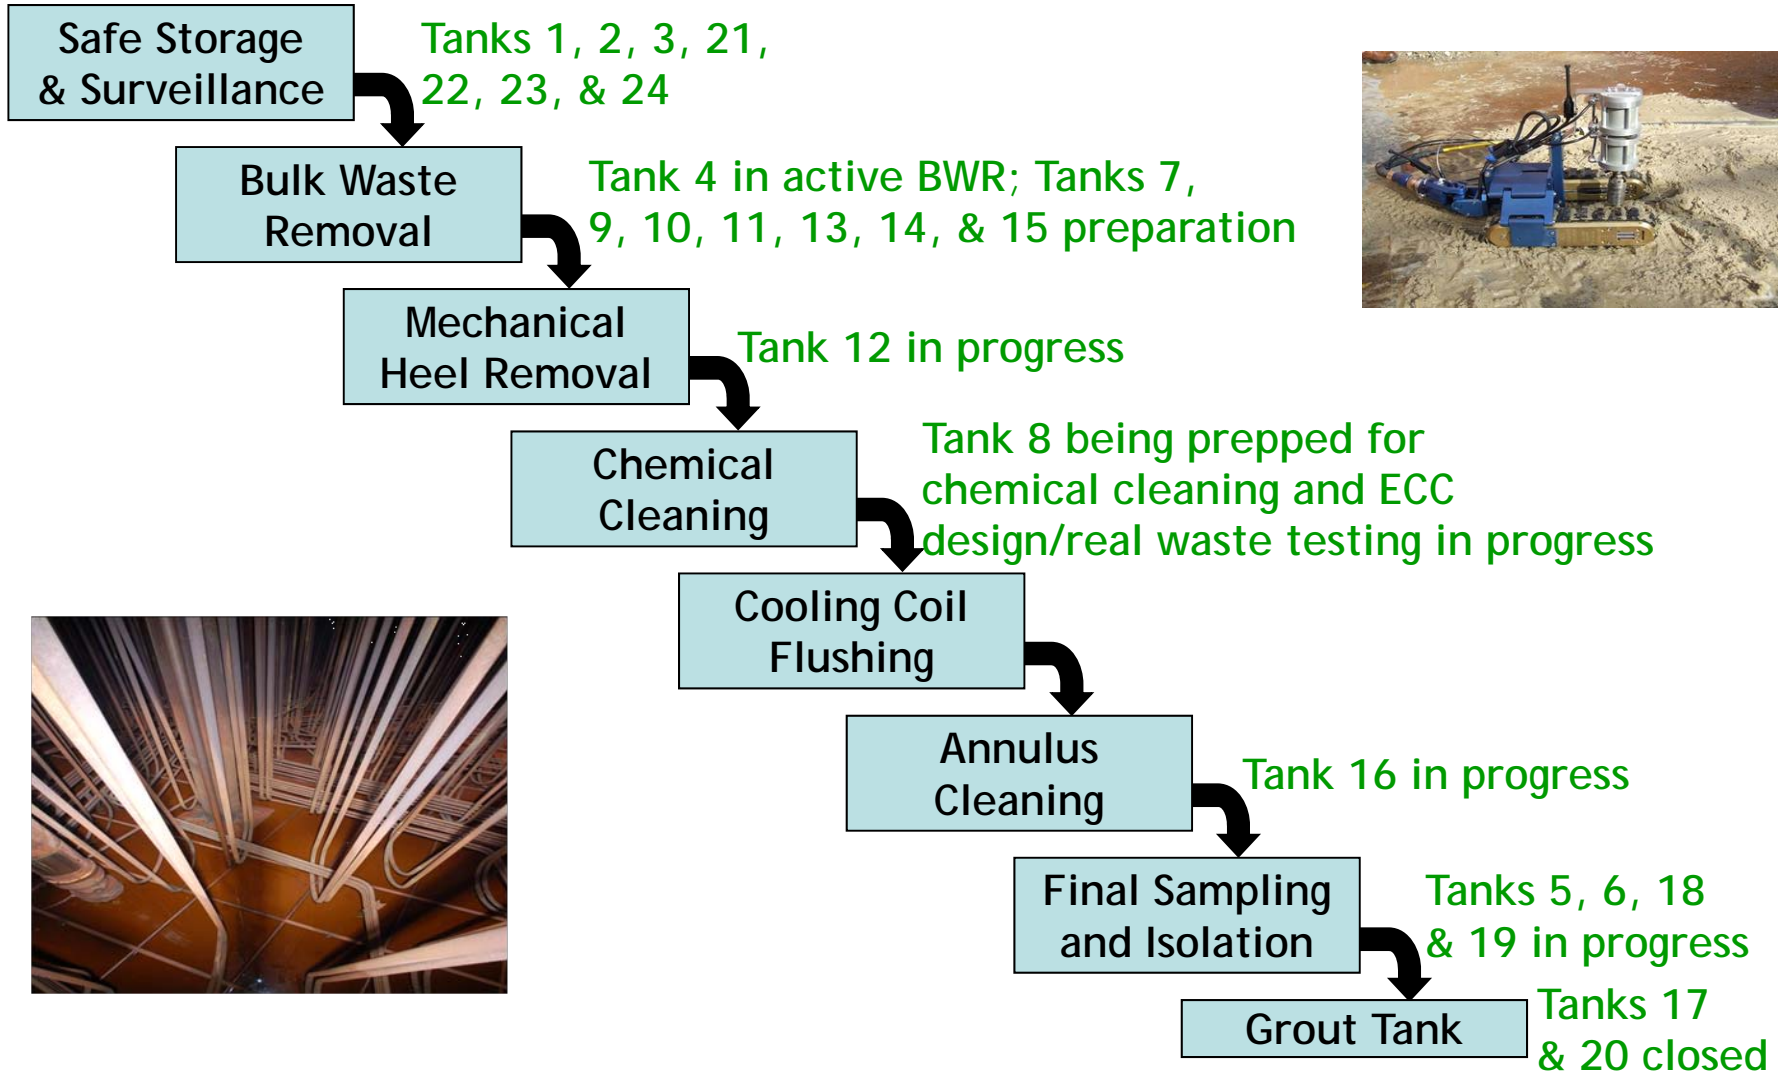

Dave Olson
Operations and Deputy Project Manager

March 1, 2011

We do the right thing.

We do the right thing.

Next 12 Months

- **Deploy additional technology improvements in the Liquid Waste System**
- **Near-term investment for lifecycle acceleration**
 - Complete Recovery Act work
 - Execute Supplemental Salt treatment

Results

- **Close 22 tanks by 2018**
 - Four years ahead of federal and state requirements
- **Complete HLW Mission 2026**
 - Realize 6 Year, \$3B lifecycle savings
- **Demonstrate technologies for deployment in the DOE Complex**

- Return on Investment
- Human Capital
- Technology
- Regulatory Integration
- Partnering
- Integrated Safety Management System
