

# Mission Support Alliance

**Prime Contractor to DOE-Richland Operations  
Located at the Hanford Site in Southeastern  
Washington State**

**MSA has the responsibility to (1) maintain a viable site infrastructure to support the Hanford mission and (2) support the Hanford Site cleanup and science and technology missions by providing site services to all the site contractors.**

# Key Activities

- **Analytical Services:** Activities necessary to acquire samples and accurately describe the composition or other qualities. This includes expertise in chemistry and data quality, field and sampling services, and waste and environmental sample analysis.
- **Emergency Response:** Activities necessary to respond to events, such as fire, medical, rescue, and hazardous materials emergencies.
- **Information Resource Management:** Activities necessary to provide telecommunications, computer software, hardware, and programming support; and operate the business systems.
- **Maintenance:** Activities necessary to sustain performance and serviceability of equipment, vehicles, roads, ground, and general-purpose facilities, including support to other contractors.
- **Property Disposition:** Activities necessary to disposition property determined to be excess and devalued to zero (\$0)
- **Safeguards and Security:** Activities necessary to provide qualified security officers, provide special nuclear material (SNM) control and accountability, protect site assets, control access, track radioactive shipments, and provide round-the-clock threat response.
- **Utilities:** Activities necessary to provide electricity, water, sanitary sewer, and solid sanitary waste disposal.
