Co-Chairs: Jane Powell, *DOE Office of Legacy Management (LM)*

David Shafer, *US DOE Office of Legacy Management*

Panel Reporter: Jane Powell, *US DOE Office of Legacy*

Panelists:

1. Jane Powell, *US DOE Office of Legacy Management*
2. Barbara McNeal-Lloyd, *US DOE Office of Legacy Management*
3. David Shafer, *US DOE Office of Legacy Management*
4. April Gil, *US DOE Office of Legacy Management*
5. John Montgomery, *US DOE Office of Legacy Management*
6. Karen Reed, *US DOE Office of Legacy Management*
7. Thomas Pauling, *US DOE Office of Legacy Management*

This session focused on the history, current status, and future issues for the Office of Legacy Management (LM).

Summary of Presentations:

Ms. Powell gave a brief overview of the factors that led to the formation of the Office in December 2003.

Ms. McNeal-Lloyd and **Mr. Pauling** presented LM's goals, protection human health and the environment, records, pensions and benefits, asset management, and business excellence. Ms. McNeal-Lloyd then presented the status of LM as a high performing organization, pensions and benefits.

Ms. Gil discussed the future opportunities for LM, including additional sites.

Mr. Shafer discussed technical issues facing LM, such as aging infrastructure repair need versus stable budgets.

Mr. Montgomery closed the panel with a short video on Records Management at the LM Records Storage Facility.

Q &A

Questions were answered throughout the panel presentations.
