

2014 Waste Management Symposium

Acquisition/Contracting/Training Initiatives

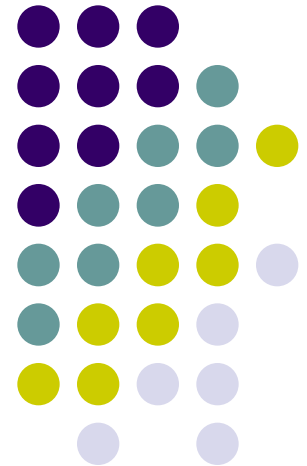

Presented by

Joe Yanek

Business Management Working Group

Panel Session 51

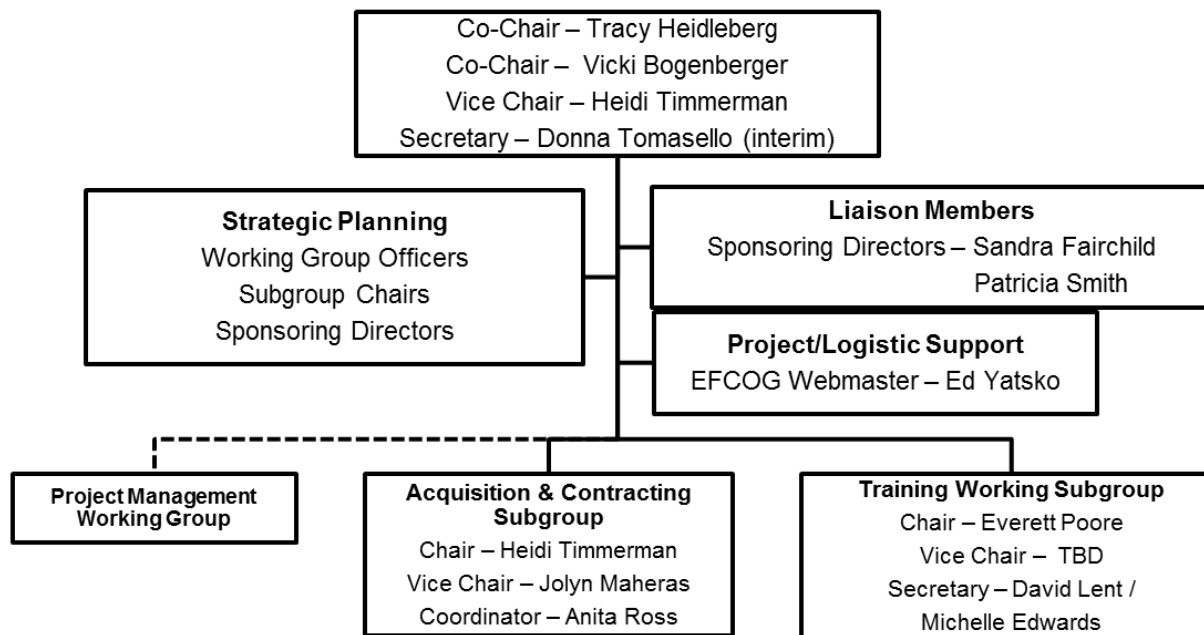

March 4, 2014

BMWG Organization Chart

Business Management Working Group

DOE Working Group Sponsors

- Joseph Stewart (HQ)
- Ralph Holland (Field/Field Managers Council)

DOE Subgroups POC

- Berta Schreiber (HQ) – Acquisition & Contracting Subgroup
- Karen Boardman - Training Working Subgroup

Business Management Working Group

General Initiatives

- Accomplishments:
 - Provided support to Carmelo Melendez, SPO & Director, Office of Property Management, in the Office of Acquisition & Project Management (MA-60)
 - BMWG provided input on the various approaches and databases in use across the complex to collect vehicle management data
 - BMWG sub-team developed a set of recommendations in response to DOE Order 205.1B, DOE Cyber Security Program, regarding how to develop and implement a Risk Management Framework process for cyber security
 - Report was shared with DOE-CIO

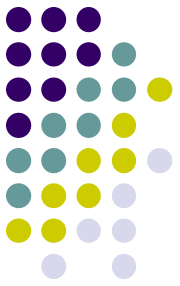

Business Management Working Group

General Initiatives, continued

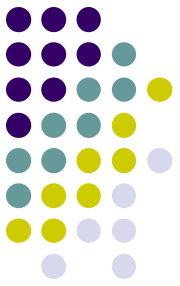

- Planned:
 - BMWG will support Office of Property Management on a project they are working on to update DOE's Real Property Asset Management plan to include personal property
 - Charter and IT subgroup to pursue IT Benchmarking and other complex-wide IT initiatives
 - Charter a team to look at Acquisition Letter AL-2013-11, Contractor Business Systems, to develop understanding of the challenges on current business systems implementations that have lead DOE to put an AL in place to potentially authorize the CO to withhold up to 5% of payments

Business Management Working Group Cyber Security Summary

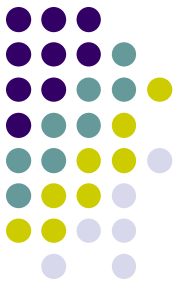

- DOE Order 205.1B
 - Shift from compliance-based model to Risk Management Approach
 - Truly integrates cyber security into all aspects of business to secure information and information systems
 - Cost-effective and based on MISSION
- Implementation plan is strategic and is developed locally to support individual site mission
- Implementation of requirements coupled with resource constraints requires innovation and collaboration
 - Cyber Security as a Service
 - Enterprise Licensing

Acquisition & Contracts Subgroup Initiatives (ACSG)

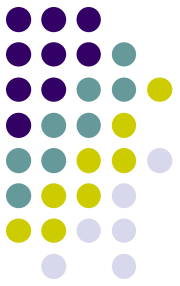

- Accomplishments:
 - Obtained active DOE Sponsorship – Rita Schreiber
 - Issued a charter and assembled team members
 - Provided a recommendation paper to Paul Bosco’s office entitled, “Acquisition Contracting Subgroup on Risk-Based Subcontract Audits”
 - Supported Project Management Working Group (PMWG) acquisition related initiatives

Acquisition & Contracts Subgroup Initiatives (ACSG), continued

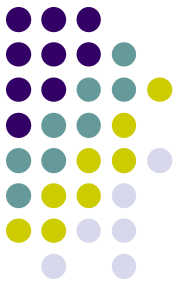

- Planned:
 - Support development of PMWG's Acquisition Strategy Initiative and White Paper
 - Support DOE in advancing recommendation on risk based auditing of subcontracts and subcontractors

Training Working Sub Group (TWSG) Initiatives

- Accomplished:
 - TWSG developed a DOE complex-wide course catalogue
 - Provides all DOE training organizations an efficient manner to identify if other facilities already have the needed course
 - TWSG developed methodology for determining course equivalencies between DOE facilities
 - When fully implemented, this initiative will save significant training costs and lead to operational effectiveness
 - TSWG provided review and comment on DOE Training Standards

Training Working Sub Group (TWSG) Initiatives, continued

- Planned:
 - TWSG support DOE in developing a policy and implementation plan for reciprocity and equivalency on safety and health training courses complex-wide
 - Significant benefit to helping small businesses expand their operations geographically
 - Enable efficient movement of SME's to address critical issues on expedited basis
