

WM14-Panel: Young Professionals in Nuclear Science & Engineering

Who I am

- 🌐 My name is DURIEM CALDERIN
- 🌐 Safety Analysis Engineer at AREVA, Richland
- 🌐 Vice Chair of NAYGN- AREVA Richland Chapter
- 🌐 Former DOE fellow, Class of 2008

What I do

- 🌐 Design and Engineering (BWR fuel Licensing-Safety Analysis)
- 🌐 One uranium fuel pellet creates as much energy as one ton of coal or 17,000 cubic feet of natural gas

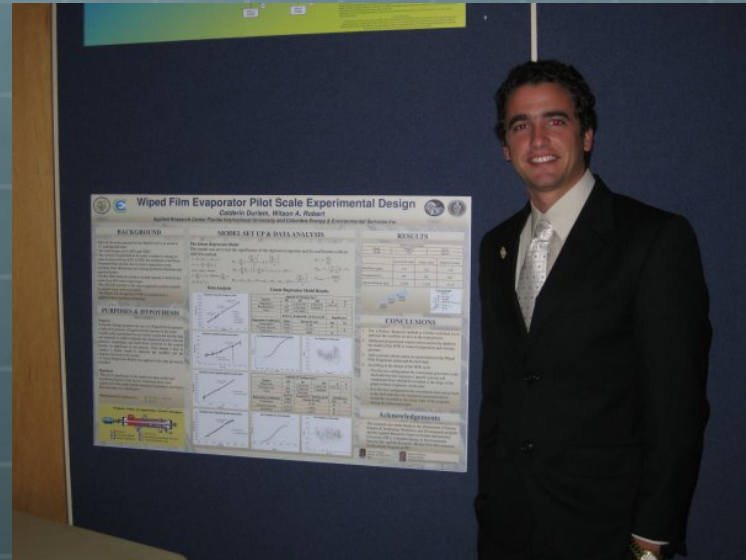

Integrate Yourself

- 🌐 **Community Involvement**
- 🌐 **Support of pipeline of young STEM**
- 🌐 **Set you goals 5 years ahead**

DOE Fellows Program

Take Aways

-  Do what you love
-  Perseverance is what makes you different
-  Take on tasks no one wants
-  Be Proactive
-  Think big! but move slowly

DON'T FORGET WE ARE RUNNING A:

BUSINESS

**You will not get what you deserve.
You will get what you negotiate.**

Success is about balance
