Our Commitment to Supplier Diversity

It is the policy of URS Corporation that Small Business Concerns, including veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small-disadvantaged business concerns, and women-owned small business concerns, shall have the maximum practicable opportunity to compete for the procurement of goods and services.

This corporate commitment extends to the procurement of all goods and services, whether the purchases support (1) Federal, state, or local governments, (2) commercial clients, or (3) in-house needs.

URS Corporation is committed to an effective supplier diversity program that demonstrates measurable improvement from year-to-year, is consistent with recognized industry objectives and applications, is consistent with contractual expectations of our clients, and that maximizes procurement opportunities for small business concerns to the fullest extent consistent with efficient contract performance.
